About UB	<p>The University of Barcelona is the most formidable public institution of higher education in Catalonia, catering to the needs of the greatest number of students and delivering the broadest and most comprehensive offering in higher educational courses. The UB is also the principal centre of university research at a state level and has become a European benchmark for research activity, both in terms of the number of research programs it conducts and the excellence these have achieved.</p> <p>Its own history closely tied to the history of Barcelona and of Catalonia, our university combines the values of tradition with its position as an institution dedicated to innovation and teaching excellence: a university that is as urban, outward-looking and cosmopolitan as the city from which it takes its name.</p> <p>In 2009, the Ministry of Education recognized the University of Barcelona in its first call of the program Campus of International Excellence (CIE) for the UB's project jointly undertaken with the Technical University of Catalonia (UPC), the Barcelona Knowledge Campus, or BKC. In the 2010 call, the BKC went on to receive additional financing to support its activities and to consolidate its position as the first Campus of International Excellence.</p> <p>Finally, in the new 2010 call, the campus officially known as the Health Universitat de Barcelona Campus (HUBc) was also given CIE status.</p>
